

**Use AI apps to
help you see,
hear and type**

Easy Read

Good Things
Australia

**Reading small text or typing can
be hard sometimes.**

**AI tools can be a friendly helper
on your phone or computer.**

You can choose an AI platform like ChatGPT, Gemini or Claude.

AI can read things out loud for you.

**You can paste text into the app
and select the picture of the
speaker to hear it.**

**AI can also type out the words
you speak.**

You can select the picture of the microphone and speak clearly.

You will see the words appear on the screen.

AI can also make images and words much bigger and clearer.

Give the AI the image you want to see or read more clearly and ask it to tell you what it says.

Make sure you do not share any private information like your home address or bank password when using AI.
